

About Henderson outdoor pool

Welcome to Henderson Pool, your ultimate summer destination! Before you arrive, we'd like to make sure you have all the information you need for a day of fun.

To make sure your visit goes smoothly, take a quick moment to check out the schedule, our social media for any updates, and our website for admission fees.

As part of our commitment to everyone's safety, our friendly team will perform a quick bag check at the entrance. This helps us maintain a secure environment for all our visitors. By ensuring that prohibited and restricted items don't enter the premises, we can guarantee a safe and enjoyable experience for everyone.

Our pool offers an array of amenities suitable for all ages and interests. Whether you're into water slides, rock climbing, diving, or simply prefer games, we've got you covered!

At Recreation Excellence, your safety and enjoyment are our top priorities. When it comes to our awesome water slides, we strictly adhere to manufacturer rules and best practices. To ride the slides, you must be at least 42 inches tall and ride in a supine position. Riding solo ensures that everyone enjoys the slides at their own pace and minimizes any potential risks.

For our little guests, the Splash Pad area is the place to have fun! The structure is designed specifically for children aged 10 years and younger. While parents are more than welcome to assist their kids on the splash pad structure, riding down the slide with them is not permitted for safety reasons.

To maintain a safe and clean environment, we conduct a regular safety check at 3:30 pm and 6:30 pm. During these times, we kindly ask everyone to temporarily leave the water and stay behind the "yellow line" for about 10 to 15 minutes. Our staff will inspect the pool basin for hazards and contamination. It's a great opportunity to take a break, reapply sunscreen, hydrate, or use the washroom.

Feel free to bring your own food and snacks to enjoy throughout the day! We have designated areas to enjoy your meal such as the grassed area, picnic tables, and seating by the concession. However, we kindly request that you don't bring food past the "yellow line" on the pool deck.

Lastly, we recommend waiting 15 to 20 minutes after eating before going swimming. This simple precaution helps ensure a clean and healthy swimming environment for everyone by preventing any potential contaminations.

We appreciate your understanding and cooperation in following these guidelines are truly appreciated. Together, we can create a safe and fun-filled experience for all our guests.

You are welcome to send us an email at leth@recreationexcellence.com or contact our facility for any further questions you may have.
